Education

GL BAJAJ INSTITUTE OF TECHNOLOGY AND MANAGEMENT (Aug 2021-June 2025)

B.Tech Electronics and Communication Engineering

R.K.College, Aurangabad

March 2021

Senior Secondary (12th Grade)

Projects

Insta-Like-Clone — React.js ,Scss ,Node.js ,Express.js ,MongoDB

[Source Code](#)

- Developed a Full-Stack Social-Media Platform With JWT Authentication, Profile Management, Secure Onboarding With Bcrypt And Token-Blacklisting.
- Designed Scalable Backend Services With **8+** Rest Apis Enabling Management Of Users, Posts, Likes and Followers.
- This Platform Can Handle More than **30000+** Users Data As Of Now.
- Using Imagekit Cloud With Multer To Store Media Files And Increase Performance By **30%** .

Moodify — React.js, Scss, Node.js, Express.js, MongoDB, Redis, Google-Media-Pipe

[Source Code](#)

- Developed a Mood Based Music Recommendation Platform Using React.js, Redis, JWT, Bcrypt, and MongoDB, Featuring Secure Authentication And Personalized Music Discovery.
- Integrated MediaPipe Face Expression Detection To Analyze User Emotions In Real Time And Deliver Context Aware Song Recommendations.
- Built Scalable Backend Services With Express.js, JWT, Redis, ImageKit, and Multer for Secure User Management, Media Storage, Increase Performance By **40%** And Optimized Content Delivery.

Mac-Os-Based-Portfolio — React.js, Scss, React-Console-Emulator, JSON

[Source Code](#)

- Built An Interactive MacOS-Style Portfolio Platform With Draggable/Focusable Windows, Dock Based Navigation, And Responsive UI Using React.js, Vite, and JavaScript.
- Implemented Reusable Component Architecture And JSON Driven Content Management, Enhancing Application Scalability, Accessibility, And Frontend Performance.

Technical Skills

Programming Languages: JavaScript

Frontend: React.js, Material UI, Tailwind Css, Scss, Bootstrap, Html5, Css3

Backend: Node.js, Express.js, Bcrypt, JWT, Express Validator, REST Api

Databases: MongoDB, Redis

Misc: Git, GitHub, Postman, NPM, Vite, Mongoose, Linux, Redux Toolkit, Axios Api, Fetch Api, JSON

Achievements / Extracurricular

- * Solved **100+** Problems On Platforms Including Codechef
- * ReactJS - The Complete ReactJS Course For Beginners
- * AI For SQL By AI For Techies
- * Participated In IBM Bob Hackathon 2026
